1. What's in the box?

Sentinel Cam

Micro USB to
USB

User manual

Power plug

Wall mount +
Screws

What you need
A smartphone

2. Activate your YS Hub account

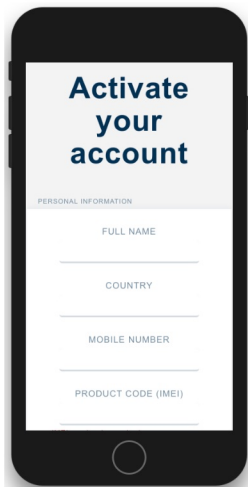

Step 1

You will first need to download the Yacht Sentinel Hub app, you can do that by visiting the Google Play store or iOS app store or by scanning the QR code above.

Step 2

Open the YS Hub app and click **'Activate your account'**. If you have only purchased a Camera click **'Activate Sentinel Cam'** or if you have purchased a YS6 with your camera select **'Activate your YS6'**. Then follow the instructions to create your account.

What you need
Your own SIM, if you
are located outside of
Europe.

3. Insert SIM card

Only provided if you are a European customer.

You may skip this if you will ONLY use Wi-Fi

Step 1

Before powering on your device you need to make sure you insert your micro sim card. To do this you will need to remove the 2 rubber feet on the bottom of the camera and then using a screw driver unscrew the two screws. Then pull the bottom panel off.

Step 2

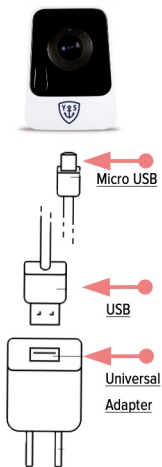

This should reveal the SIM card tray. Insert the micro sim like the diagram shown. Once you have inserted the sim, seal the unit back up.

What you need
The purchase of a
distribution cable.

4. Power on device

Option 1

Connect the micro USB side into the camera and the other end to the power socket as shown in the diagram.

Option 2

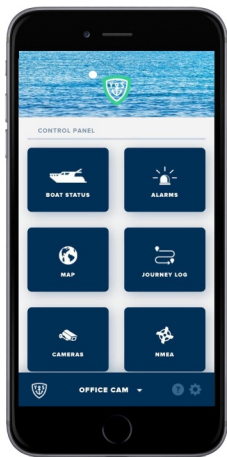

Connect the micro USB side into the camera and the other end directly into the boats distribution board. (Red = Positive & Black = Negative)

What you need

Smartphone

5. Connect the camera to your app

Step 1

Log back into your app and click on 'Cameras' from the home page and follow the instructions shown. **This setup can only be done on a smartphone.**

If you have any issues with the set up visit our website and check the FAQ's page. You can also contact us via email at sales@yacht-sentinel.com.
